(UNIVERSITY OF DELHI)

University Stadium, G.C.Narang Road,  
University of Delhi, Delhi-110007, Ph. 27666702

### Talk by Dr Sudeshna Basu on “Mathematics and Politics”

Dr Sudeshna Basu is a professional lecturer at the Department of Mathematics, George Washington University, USA. After doing her Ph.D from Indian Statistical Institute, Kolkata she has held positions in various leading institutes around the world. She holds numerous honors and awards. Her research interests include Geometry of Banach Spaces, Operator Theory, P-adic Functional Analysis, Frame Theory, Wavelet Theory and Applications.

On 24<sup>th</sup> August 2017 she delivered a talk on “Mathematics and Politics” for the students and faculty members of Cluster Innovation Centre.

In her talk she discussed about the Indian voting system and the alternative methodology to declare a winner. The session was well attended by students and Faculty from all the three streams at CIC.
